

## Brett Smith

Brett has a wealth of experience in both high end residential and commercial construction.

Completing an apprenticeship in carpentry and quickly moving onto various types of residential projects to become a Victorian residential unlimited class registered builder by the age of 27.

Building unit developments, custom homes, extensions and renovations in the eastern suburbs of Melbourne to a continually high standard had Brett sought after through the referrals of satisfied clients.

He has an eye for detail, the respect of tradespeople and the patience required to finish projects to a high standard within budget and time.
